

## Advancement of Intelligent Production: Seventh International Conference on Production/Precision Engineering, 4th International Conference on High Technology, ... 1994 (Jspe Publication Series, No 1)

As we move towards the 21st century, industries are compelled to turn from high productivity and high precision to more intelligent and more human-oriented technology. This volume presents the existing state of the art of production/precision engineering and illuminates areas in which future work may proceed.
