

Passage of Adult Salmon and Trout Through Pipes (Classic Reprint)

Excerpt from Passage of Adult Salmon and Trout Through Pipes Figure 5.-plan of the and -m.-diameter pipes, showing the release box and hydrosopes where fish passage was recorded and locations of electronic detectors, interior pipe lamps, and truncated entrance cones, 1964. In a mass release, a large group (300-800) was released from the collection pool by opening a large gate between it and the introductory pool. The fish were identified upstream from the exit pool. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
