

Cambridge Dictionary of American English (English-Chinese Edition)

This Cambridge Dictionary of American English (English-Chinese Edition) is compiled on the basis of Cambridge International Corpus with 100 million words. It contains 40,000 entries of American English words and phrases, as well as important words and explanations in both British English and Canadian English. The English paraphrases are accomplished by use of 2,000 commonly used words, making them concise and easy to understand. Guide Words can help readers to quickly find the explanations, whereas Language Description manifests the difficult points and key points in English grammar, vocabulary, spelling and pronunciation, Instructions aims to word usages, and Indexes of Idioms lists all of the idioms appeared in the text to facilitate readers.
