# CodeManager 2009: With Netters, Single User

Invest in the AMAs CodeManager with Netters software and get a powerful coding solution that helps reduce the time and effort spent researching and coding medical claims. This version includes all the tools and references found in CodeManager, plus links CPT codes to 400 detailed, true-to-life Frank Netter illustrations - a combination that provides a complete visual understanding of the anatomic structures described within CPT codes. CodeManager saves users countless hours by delivering fast code look-ups, superior results and features 11 fully integrated medical coding reference books in one, easy-to-use software program. Ability to search and receive results across the AMA CPT Professional Edition, ICD-9-CM Volumes 1, 2 and 3 and HCPCS Level II codebooks simultaneously -AMA exclusive! More than 1,700 CPT clinical examples -AMA exclusive! Access the entire Dorlands Illustrated Medical Dictionary -AMA exclusive! RBRVS Payment Calculator easily calculates the Medicare physician fee schedule payment amounts -Access the full text of Medicares physician fee schedule rules and regulations on a code-by-code basis -Access RVUs and verify the appropriate Medicare relative value for reimbursement; ambulatory surgery center (ASC) payment groups and rates also included -Access a full year of National Correct Coding Policy - includes modifier pop-up tips designated specifically for use with the correct coding and mutually exclusive code pairs -ICD-9-CM code mapping to correct diagnosis related groupings (DRGs), and CPT and HCPCS code mapping to correct ambulatory payment classification (APC) group -Note Pad tool allows you to create a centralized location for all your coding notes in each code set or to a general notes page
