

## Cool Kids Speak French - Book 2 (French Edition)

Cool Kids Speak French has been written with primary school aged children in mind by a qualified and experienced foreign languages teacher. This book may however also interest older children as it is filled full of fun worksheets, wonderful word searches and lovely colouring pages.

This book follows on from Cool Kids Speak French by reviewing and developing the topics of numbers 1-10 and colours, for example by introducing how colour endings can change. The new topics in this book include Drinks, Fruit, Numbers 11-20, Weather, Clothes and Sweet & savoury pancakes. Each topic begins with a page full of images and the French words for the topic. Progression throughout each of the topics has been carefully planned as the activities practice only a few of the new words at any one time, and gradually introduce simple sentence structures. At the back of the book there is a useful French English word list and also the answer section. Learning a new foreign language at an early age can be an enjoyable and useful experience, and this book would be a great way for a child of any age to learn French.
