

Avoid Writers Hell: Publishing Flame Repellents

From the irreverent mind of Faith Bicknell-Brown, a 25-plus year publishing veteran as both an editor and an author, comes an easy-to-understand and detailed guide to avoiding writers hell. Ms. Bicknell-Brown's no nonsense, informal approach to the publishing world makes learning the ins and outs of this business relatively painless. She addresses many of the issues writers both new and old face, including, but not limited to, the dreaded query letter and synopsis, formatting for submissions, grammar, punctuation, writers etiquette, telling vs. showing, and crutch words. This is the R-rated version. You must be 18 years or older to purchase this book. In here, you will find the long awaited step-by-step instructions on how to write sex scenes. If you are under 18 or have no desire to learn how to write sex scenes for hetero, multi partners, and/or same sex, please go to our PG-13 version of this book.
