

Learners of Chinese always find learning Chinese characters a barrier that is hard to overcome and wonder how to memorize, write and type them using a computer. This unique and revolutionary dictionary should address this problem and help any learners with different learning styles and multiple intelligences remember, recognize, memorize, and write the structure and composition of any characters. Knowing the structure and the composition of the Chinese characters from A to Z will also help any learners read newspapers, daily life magazines, novels etc but also enhance the Chinese proficiency of the Chinese language learner and prepare them for any exams such as HSK. Learning the composition of any Chinese characters will plunge the learners of Chinese into the life of ancient China and understand how the ancient Chinese created this unique system of writing.
