

DragonTree: The Battle For DragonTree (Volume 2)

Tuss felt a heretofore-unknown spirit, buried inside his innermost being, awakening for the very first time. He felt the hunters ferocious instinct exploding out of his inner self. His heritage as a dragonfly was coming to life, and it was indescribable. It was so much more than anything hed felt playing any game. With this fantastic new sense of himself sharpening his mind, he was able to put the situation into perspective. This was what the butterfly had warned us abouthe knew at that exact moment that every aspect of his peaceful existence had just been changed forever. He was frightened by what he felt. He wasnt sure if he should fight it or not but danger was upon him and hed no choice but to act as his nature demanded. Courage Teamwork Trust The days of peace at the Fen are at an end. The time for fun and games has passed. The nine friends who had learned so much about the world around them and who had thought theyd seen it all, are about to embark on the greatest journey of their lives, the adventure of a lifetime. The peace they have known is now threatened by conflict with the dark clouds of evil looming on the horizon. To weather the storm, courage must overcome fear, and the bonds of friendship, trust and honor will be tested to the utmost.
