

## Writing is Not for Wimps!

You have a passion to write. But passion alone won't make you successful. There are plenty of challenges that may frustrate you and tempt you to give up on your passion altogether. This book can help! Why Writing is Not for Wimps? You probably didn't choose to be a writer because it's a lucrative career. I doubt you sat down, thought about all of your career options and decided, 'Hey, I think I'll become a writer!' Let's face it. Writers are rarely able to quit their day jobs. Yes, there are some who make enough to live on, but most of us barely earn enough to maintain our Starbucks habit. The reason most writers write is because they just can't help it. You know what I'm talking about. You have a burning desire inside of you. Maybe you felt it when you were reading Dr. Seuss as a child. Maybe it developed slowly over the years. Or maybe it's something that suddenly dropped into your heart. And if you're reading this book, chances are you're convinced that part of your purpose here on earth is to write. It's more than just a dream. It's your passion. This short guide talks about the 6 most common obstacles writers face. More importantly, it offers tips on how you can kick that writing wimp to the curb and rise up to become the writer God created you to be!
