

DIY Writing Retreat: A Guide to Getting Away

DIY Writing Retreat is a guide to making time and space for you to do exactly one thing: write. With step-by-step instructions to planning and running your own escape, DIY Writing Retreat will show you how to schedule time for your retreat, find a cabin or cabin-equivalent to stay in, and separate yourself from the rest of the world. Then, it will guide you through the entire retreat, from writing prompts to relaxing activities.

Written by the acclaimed author of *DIY Chick Lit*, this fun guide is sure to motivate writers at every stage, from aspiring authors to experienced novelists. Time to write alternates with fun activities that will energize you and keep you going. A worksheet guides you to reflect on your writing process and set goals for when you return home. There are even (super easy) recipes for breakfast, lunch and dinner.
