

The New Laser Therapy Handbook: A Guide for Research Scientists, Doctors, Dentists, Veterinarians and Other Interested Parties Within the Medical Field.

The Laser Therapy Handbook was the best selling book in this field but was sold out in the winter of 2010. This new, updated version has some 700 new references and 250 new pages - and is in colour. The scientific documentation about the effects of Laser Phototherapy is rapidly increasing, with some 250 new scientific papers published annually on PubMed. There was therefore a need for an updated version of this popular book.
