

## The Bears House: Bhaluka Ghar (Hindi for Children Book 2)

I have created this Hindi learning series for children of Indian origin who reside outside India. The books in this series are bilingual books written in both Hindi and English. Hindi is also transliterated into English script, so the children who can read English phonetically can easily read these by themselves. The books are written in simple, conversational Hindi. You can also use these books to learn English using Hindi as your first language. The language and the themes of these books are suitable for children from two to eight years old. I have included guidelines to teach second language in each book in this series, which parents can use to teach any language.

(Hindi script is embedded in pictures as Amazon doesn't support Hindi script. I have used bigger font for Hindi, as it cannot be adjusted on Kindle like English font. )

There are three stories in this book, bhaalukaa ghar, Goldilocks fansi musibatame, and Milkar kaam karo. You will find the same stories in English only under title, Goldilocks got in trouble.
