

Merilla City: The Mystic Garden

All along, I have been trying to figure out and discern the truths of life. Witnessing the ups and downs of the people around me, I appreciate the ways of those who make it in life, that is, having attained success by common folk perceptions. At the same time, I listen to the inner voice of the under-privileged, and try to receive wisdom from their plight. On a Sunday night on 12th October, 2008, I was reading a book after dinner. All of a sudden, I came to comprehend the foremost secret of secrets of lifes journey. This secret is about the main reason why more than ninety percent of people have failed to achieve progress and success, and are unable to extricate themselves from poverty. I was in a state of excitement after seeing what I deemed then as seeing the light to lifes foremost secret. I wanted to share with all my friends and to tell the people in the whole world about this secret that had just dawned on me. This was how the seed for growing this book was sown.
