

# THE COOKING DINNER in TEN MINUTES EARLY IN THE MORNING COOKBOOK

Quick and easy mealtime magic is what this cookbook is all about. The busy cook plans tomorrow's family dinner and prepares it the next morning, it in approximately ten minutes, or less, before leaving for work. The kitchen's noble slow-cooker is put to work to serve the family faithfully. The meals planned in this cookbook take less time to prepare than the time it takes to stop on the way home from work for fast food or take-out dinners and they cost less, too. Every main dish is tried and true and approved by the friendly folks who surround our family dinner table.
