

The Cat Whiskerer

Tom is a Cat Whiskerer, a title inherited as the seventh son of a seventh son. Most cats use their whiskers to feel the width of gaps and openings, a Cat Whiskerer uses his whiskers to sense where there's a cat in trouble or in need. Some say that Cat Whiskerers are the guardian angels or super heroes of the cat world. Others don't believe they exist. Four cats in Creswell village are about to find out for themselves. There's Clifford, an old cat nobody wants and who longs for a home, Oscar, a shy kitten who is bullied by his owner, Molly who wants to escape from a cruel breeder who mistreats her cats and Maisie whose sense of adventure takes her into the dangerous territory. Only one cat can help them and luckily, Tom is near and watching.
