

The Forgetful Bride

This charming story tells the tale of Challotie as she prepares to get ready for her magical wedding day. With so much to do, Challotie spends so much time making herself beautiful that she forgets to invite her friends to her special day. This delightfully charming story is written from the innocent mind of a six year old girl and brought to you by childrens author Pumpkin Nick. Taking on three educational themes the story is firstly written in unedited format telling the story as imagined from the creative mind of Chelsea with the suggestion for children to try and spot the spelling mistakes. Secondly the mistakes are highlighted for children to spot and try to figure out the correct spelling followed finally by a third copy where the mistakes are corrected and highlighted in green. Not only is this wonderful childrens story fun to read with great pictures detailing The Forgetful Bride as prepares for her wedding but it also helps children to recognise and correct spelling mistakes.
