

## Three First Readers: Kitten, Pudgy Wants to Sleep and Pudgy Looks for Her Friends

This is a first reader book for children in kindergarten that introduces children to some of the words found in the slightly more advanced book, Five First Rhyming Readers. It will delight everyone with its enchanting photos of cats and kittens and simple, amusing text. There are three stories, Kitten, Pudgy Wants to Sleep and Pudgy Goes for a Walk. Each one teaches children new words in a very simple way. Children will have picture clues and context to be able to tackle words which might challenge them and there is a list of all the words at the back of the book with their frequency in each story, so that teachers and parents can make up word cards in advance if they wish the children to be able to read through each story smoothly. This book leads on to Five First Rhyming Readers, a collection of very simple rhyming stories for children in kindergarten or first grade that repeats words found in this book, as well as adding new ones and teaching children about nature.
