

True Colors: An EFL Course for Real Communication, Basic Level Power Workbook

The True Colors Power Workbook contains a variety of written exercises and activities that give students additional practice; challenging activities that focus on grammar and emphasize meaningful and personalized practice; and preparation for official tests. True Colors jumpstarts real communication, preparing students for success outside of class. The course distinguishes between receptive and productive activities because students can understand more difficult material than they can produce. It connects social language and grammar so that grammar is taught with both meaning and purpose, and balances presentation, practice, and production of language.
